

Questions and answers for the NT Ref: HSI-090823 D

Question: In relation to sampling, is there a max. or min. number of respondents you need to be interviewed or do we reserve the freedom to use a small margin of error to provide a sample?

Answer: Every offeror can propose to use a small margin of error to provide the sample for the survey. Helvetas reserves the right to negotiate with the bidder the proposal submitted by the bidder.
